## So many ukuleles already convinced by Savarez strings!!

*Savarez provides combinations of Alliance strings for ukulele packed in sets...*

*Because it is much easier! Nevertheless other diameters  
are still available in case a different combination is required.*

*Alliance strings are made of composite fibers,  
which represent a big advantage for the playing:*

- *An enhanced sound quality clear and colorful sound  
with immediate and precise response*
- *An insensitivity in the variations of temperatures and humidity*
  - *A very long lasting*
